

A Meeting of Minds: Mutuality in Psychoanalysis.

Aron, Lewis.
The Analytic Press.

Summary

In this richly nuanced assessment of the various dimensions of mutuality in psychoanalysis, Aron shows that the relational approach to psychoanalysis is a powerful guide to issues of technique and therapeutic strategy.

From his reappraisal of the concepts of interaction and enactment, to his examination of the issue of analyst self-disclosure, to his concluding remarks on the relational import of the analyst's ethics and values, Aron squarely accepts the clinical responsibilities attendant to a postmodern critique of psychoanalytic foundations.

Table of Contents

- The Relational Orientation: An Introduction
- Relational Theory and Its Boundaries: One- and Two-Person Psychologies
- The Patient's Experience of the Analyst's Subjectivity
- Interpretation as Expression of the Analyst's Subjectivity
- Aspects of Mutuality in Clinical Psychoanalysis
- The Dialectics of Mutuality and Autonomy: The Origins of Relational Theory in the Contributions of Sandor Ferenczi and Otto Rank
- Enactment, Interaction, and Projective Identification: The Interpersonalization of Psychoanalysis
- On Knowing and Being Known: Theoretical and Technical Considerations Regarding Self-Disclosure.
